Experience

AI Automation Projects & Entrepreneurial Experience

Aug 2024 to Sep 2025

- Built AI Chrona, AI chat-based school management system, enabling schools to manage attendance, timetables, and reports through natural conversations. Led product design, architecture, and AI integration using Replit AI (Click Here)
- Founded ExecuTea, a corporate F&B brand with 6+ outlets, serving clients like LG, Haier, and Honda Cars India; scaled to ₹2 Cr+ in annual revenue.

Product Manager

Manipal Business Solutions Pvt. Ltd. , Gurugram Jun 2022- Aug 2024

- Built and launched a D2C neo-banking app from scratch, leading a cross-functional team across product, design, and development.
- Scaled the app to 15,000+ downloads in 3 months and drove 150+ loan cross-sells through a custom in-app credit score feature.
- Boosted user engagement by 30% with a gamified loyalty program and regularly presented KPIs and roadmap updates to the CEO

Senior Product Analyst

Nucleus Software Exports Ltd. , Noida May 2018- May 2022

- Led the development of a neo-banking app with UPI, bill payments, recharges, and split payments, alongside a separate SHG-focused app enabling loan disbursement and collection in low-connectivity rural areas.
- Built a robust KYC/AML solution to securely onboard users, ensuring regulatory compliance and minimizing fraud risks.
- Drove RBI-aligned regulatory and compliance initiatives under the Prepaid Payment Instrument (PPI) license, including audit preparedness and documentation.
- Boosted product visibility and operational efficiency through impactful pre-sales content, vendor governance, and streamlined invoice management.

Digital Marketing Intern

LG Electronics India Pvt. Ltd. , Greater Noida May 2017- July 2017

- Conducted SEO research and provided targeted keywords to the technical team, boosting LG's e-commerce website traffic and search engine visibility.
- Assisted in UI enhancements for LG's e-commerce platform, focusing on improving user experience and optimizing interface design.

Key Achievements

- Led development of PaySe, an offline payments product, selected by RBI among top 6 innovations for its Regulatory Sandbox on Retail Payment
- Conducted nationwide training on PPI grievance redressal for RBI Ombudsman in year 2020
- Received 'Spot Award' at Nucleus Software for boosting digital visibility and brand engagement
- Founded Socioteria, a campus-based social network incubated by Amity University; led 30 interns and drove high-impact marketing campaigns.

Education

MBA General (IT & Marketing)

Amity Business School, Noida April 2016 - Jun 2018

B.Tech in Computer Science

Manav Rachna College of Engineering, Faridabad April 2011 - Jun 2015
